

STAPLELOK

from HAMPTON™

METAL POST & STAPLE SYSTEM

- **75% Faster** - to erect than traditional wooden post systems.
- **Versatile** - staples can be fixed at any point on the post.
- **Re-usable** - posts and staples are easily re-used.
- **Strong** - high tensile steel posts.
- **Durable** - will last for over 20 years in normal conditions.
- **Suitable for** - many fence styles and patterns.

StapleloK posts are easy to carry and store.

Posts are easily removed with the **StapleloK** post jack for re-use.

The wire slides freely through the staple allowing unrestricted tensioning.

Staples can be locked in place at any point on the **StapleloK** post.

StapleloK posts are easily driven into the ground using the StapleloK Thumper, a double impact hand driver.

Insulators can be fitted with staples in the conventional way for electric fencing.

Shaped grooves in the **StapleloK** post stops the staple moving up or down.

Staples are easily removed for re-use.

Strengthened, tapered post end for driving straight into stoney ground.
